

***THE TITLE***

# ***THE TITLE***

by *THE AUTHOR*

A thesis submitted in partial conformity with the  
requirements for the degree of Doctor of Philosophy  
(PhD)  
in Computer Science

Supervisor: *THE SUPERVISOR*  
2<sup>nd</sup> Examiner: *THE 2<sup>ND</sup> EXAMINER*  
External Examiner: *THE EXTERNAL*  
Panel Chair: *THE CHAIR*

# Abstract

A THESIS OR DISSERTATION always requires effort in planning and execution. This document is both: a guide on how to write a thesis/dissertation in the Department of Computer Science at the University of Hull as well as an *example by source* for doing so using the L<sup>A</sup>T<sub>E</sub>X document-preparation system.

# **Appendix A**

## **Considerations**

### **A.1 Legal Considerations**

There are no legal implications within the context of this dissertation.

### **A.2 Ethical Considerations**

There are no ethical implications within the context of this dissertation.

### **A.3 Social Considerations**

There are no social implications within the context of this dissertation.

### **A.4 Professional Considerations**

There are no professional implications within the context of this dissertation.

Figure B.1: A single landscape figure.

Left	Middle	Right
...	...	...

Table B.1: A table caption.

**B.2 Figures**

Figure B.1 contains a single image in landscape format scaled to 75% of the current line width.

Figures B.2a and B.2b are sub-figures withing figure B.2 but can be individually referred to. Figures B.2a and B.2b are both scaled to 37.5% of the current line width.

**B.3 Tables**

...

Figure B.2: A single figure containing sub-figures ((a) and (b)).
