Abstract

A THESIS OR DISSERTATION always requires effort in planning and excution. This document is both: a guide on how to write a thesis/dissertation in the Department of Computer Science at the University of Hull as well as an example by source for doing so using the LATEX document-preparation system.

Table B.1: A table caption.

B.2 Figures

Figure B.1 contains a single image in landscape format scaled to 75% of the current line width.

Figures B.2a and B.2b are sub-figures withing figure B.2 but can be individually referred to. Figures B.2a and B.2b are both scaled to 37.5% of the current line width.

B.3 Tables

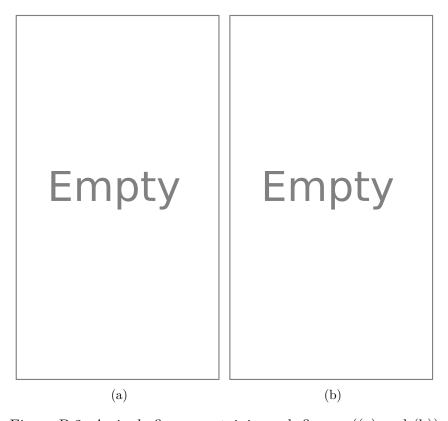

Figure B.2: A single figure containing sub-figures ((a) and (b)).
